

FULL SERVICE

1 ENCAPSULATED 2 CONDITIONED 3 DELIVERED

In order to guarantee the quality of our capsules, we handle your entire project : from theoretical formulation to delivery.

1

ENCAPSULATION

We encapsulate your compositions or manufacture your own formulations in bovine, porcine and fish gelatins (certified organic or not organic). The capsules are available in a variety of shapes, colours and sizes.

FULL SERVICE
in blisters*

2

PACKAGING

We handle the packaging in blisters and in cases.

3

DELIVERY

We deliver the finished product directly to your door.
